

# Goodyear SUV and 4x4 Tyre Line-up

## On/Off-Road Tyres

### Wrangler DuraTrac

#### The new off-road tyre for extreme 4x4 enthusiasts

Thanks to the TractiveGroove Technology™ the new Wrangler DuraTrac delivers you the performance you are looking for when you need to rely on the all-wheel-drive capabilities of your vehicle.

It provides enhanced traction in deep mud and snow, while the combination of highly angled centre tread blocks and zig-zag microgrooves offers improved lateral stability and traction on wet and snowy roads. A special tread rubber enhances the toughness and the longevity of the tyre.

Whether you haul a heavy load to a construction site, head off for a weekend of outdoor leisure or just take your 4x4 over a challenging off-road course, Wrangler DuraTrac is the perfect choice for all work and recreational applications.
